In The News

EPA: Chesapeake Bay cleanup effort is mostly on track
(The Associated Press)

Efforts to clean up the Chesapeake Bay are mostly on track, but challenges remain as farm manure and city stormwater continue to flow into the nation's largest estuary, the Environmental Protection Agency said Friday.

Oops! Recycle Right with CVWMA
(Central Virginia Waste Management Authority)

Recycling needs **YOUR** help! Recycling containers are for [accepted recycling items](#), only. They are not garbage cans. Whether your recyclables are picked up from [your home](#) or you drive them to a drop-off site, place **LOOSE** acceptable items **ONLY** in the container. Do **NOT** bag your recycling in plastic bags. Items placed in plastic bags are landfilled.

CVWMA's recycling vendors will no longer pick up [unwanted items](#) like plastic bags and other non-recyclables, including food contaminated containers, Styrofoam, batteries, hoses, etc. If you find an "Oops!" tag on your bin or cart and your recycling was not collected, then you may have included items that we do not accept.

OOPS!

Please leave these items out of your recycling!

COLLECT THIS AND WE WILL COLLECT NEXT TIME.

Upcoming Events

2018 Virginia Environmental Assembly (September 7-8, 2018)

We are excited to announce that registration for the 2018 Virginia Environmental Assembly is now open! Bringing together conservation leaders from across Virginia, the Environmental Assembly provides a forum for discussion on key environmental issues facing the Commonwealth. Each year, this conference is hosted in a different region of the state to highlight Virginia's distinct natural resources. We're excited to partner this year with William & Mary Sustainability to host the event in Williamsburg.

The weekend will feature the work of local organizations - including Preservation Virginia, James River Association, and Chesapeake Bay Foundation - to protect the historic and scenic value of the region, especially as we approach Phase III of the Chesapeake Bay Cleanup Plan. Topics to be covered include sea level rise, environmental justice, pipelines, Chesapeake Bay cleanup, and more!

Virginia Environmental Assembly
William & Mary School of Education | Williamsburg, VA
Friday, September 7 - Saturday, September 8
Tickets \$40 (price includes field trips) | [Register today!](#)
Questions? Contact admin@vcnva.org

VMI 2018 STEM Education Conference (October 2-3, 2018)

Attendee registration and presentation proposals are now open for the 7th Annual 2018 VMI STEM Conference. For Attendee Registration, click [here](#). For Presentation Proposals, click [here](#).

2018 Chesapeake Watershed Forum (November 2-4, 2018)

The Alliance for the Chesapeake Bay's 13th Annual Chesapeake Watershed Forum (held November 2-4, 2018 in Shepherdstown, WV) is a watershed-wide event reaching over 400 restoration and protection practitioners annual to inspire and empower local action towards clean water.

We do this by sharing successful tools and techniques, building the capacity of local organizations and governments, building partnerships, educating new initiatives, networking amongst each other, and celebrating our successes.

This year's theme, "Connecting Our Communities: Celebrating Diverse and Innovative Partnerships" was chosen so that we may celebrate the many diverse partnerships that have proven successful in the restoration and protection of the Chesapeake Bay and its watershed. We are especially interested in engaging, interactive learning sessions that highlight innovative partnerships, leading to success. Each track will incorporate one or more sessions that demonstrate partnering success.

Teachers on the Estuary (TOTE)

(Various dates and locations)

This research and field-based training program aims to improve teachers' understanding of the environment using local research. The program also promotes the stewardship of watersheds and estuaries. TOTE workshops are a minimum of 15 contact hours, giving teachers the opportunity to: Explore coastal habitats and conduct field investigations; Interact with local scientists and experienced coastal educators; Integrate local and national monitoring data into the classroom; and Learn hands-on field activities highlighting the Estuaries 101 curriculum. Hosted by the National Estuarine Research Reserve System.

For more information, including dates, see <https://coast.noaa.gov/estuaries/teachers-on-the-estuary/>.

Job Opportunities

James River SWCD Employment Opportunities

We work with the people who work the land.

The Conservation Specialist is a full-time position and provides technical services related to soil and water conservation, within the counties of Prince George and Chesterfield. This position is under the supervision of the James River Soil & Water Conservation District District Administrator and Board of Directors. The conservation specialist provides support for the Virginia Agricultural Best Management Practices (BMP) Cost-Share and Tax Credit Program; they assist District, DCR and NRCS personnel with conservation farm and nutrient management planning; assisting with the equipment rental program; and assisting with district tours, exhibits and special projects. This position is based in the JRSWCD Prince George County Office (6380 Scott Memorial Park).

For the complete job description and link to the application visit <http://www.jamesriverswcd.org/>
Please submit the completed application and a cover letter to bmorning@princegeorgecountyva.gov.

Tri-County City SWCD Employment Opportunities

Administrative Professional - Open until filled -- Fredericksburg, VA --For more information and to apply, visits http://tccswcd.org/?page_id=1215.

Education Coordinator -- Open until filled -- Fredericksburg, VA --For more information and to apply, visit: http://tccswcd.org/?page_id=1215.

Grant Opportunities

Mini Environmental Education Grant

(Chesapeake Bay Trust)

Funds are available to schools, organizations, and agencies to support educating students about their local environment and how they can become stewards and have an impact in their community. The program funds up to

\$5,000 for Meaningful Watershed Educational Experience (MWEE) projects. Funds can cover field trips, fieldwork, transportation, substitute fees, supplies for student projects, etc. Deadline is August 2, 2018 and January 10, 2019. For more information, see <https://cbtrust.org/grants/environmental-education-mini/>.

Virginia Conservation Assistance Program
(Virginia Association of Soil and Water Conservation Districts)

This program provides incentive payments for several Best Management Practices such as rain gardens, cisterns, green roofs, and conservation landscaping. This program is now available in all soil and water district localities in the Chesapeake Bay Watershed.

See <http://vasw.cd.org/vcap> for an overview or contact VCAP Coordinator Kevin Mclean at kevin.mclean@vasw.cd.org for more information.
